

OMMICA Ltd Quality Policy

OMMICA Ltd, a member of the Blue Gentoo group, is an innovative technology company.

OMMICA is committed to delivering chemical monitoring technologies for both onshore and offshore use, which meet or exceed the expectations of our customers, and which are:

- Robust
- Highly sensitive
- Simple to use

It is our policy to promote, with the leadership of management, a total commitment to quality by each individual throughout the organisation, with a focus on continual improvement.

Key aims:

- Maintain a shared quality vision
- Understand requirements and meet needs of customers
- Achieve consistency and reliability
- Ensure all our employees are trained and competent in their roles
- Involve all employees in the delivery of quality products and services
- Consistently meet statutory and regulatory requirements

At its core, quality is first and foremost about trust in the products and services OMMICA Ltd. provides to its customers, about delivering what OMMICA promises in everything it does.

Implementation:

The system regularly evaluates the Company's processes and customer needs.

The Product Manager has the authority and responsibility for the implementation and control of the system. They ensure that quality documentation is available to all personnel, and that all personnel are fully aware of all quality assurance and technical activities affecting their role.

When aligned with other policies and business objectives, this policy will ensure that we provide an efficient and effective service to our clients that consistently meets or exceeds expectation.

Compliance with this Quality Policy is required for all employees of OMMICA Ltd.
