

## *OMMICA Ltd Environmental Policy*

**OMMICA Ltd, a member of the Blue Gentoo group, is an innovative technology company.**

OMMICA specialises in delivering robust, highly sensitive, and simple to use hydrate inhibitor monitoring technologies for both onshore and offshore use.

These products have a positive global environmental benefit, as they enable optimisation of chemical use, which may reduce the amount required, and the amount discarded.

OMMICA Ltd acknowledges that what we do will have an environmental impact, however this will be mitigated as follows:

- Identify and manage environmental risks and hazards
- Comply fully with all relevant legal requirements, codes of practice and regulations
- Prevent pollution to land, air and water
- Reduce water and energy use
- Minimise waste by evaluating operations and ensuring they are as efficient as possible
- Promote environmentally responsible purchasing
- Actively promote recycling both internally and amongst customers, by using easily recyclable materials as far as possible in the product and packaging
- Meet or exceed all the environmental legislation that relates to the Company
- Provide suitable training to enable employees to deal with their specific areas of environmental control
- Where possible, select suppliers with environmental management systems

Compliance with this Environmental Policy is required for all employees of OMMICA Ltd.
